UNITED NATIONS - THE WALL OF UNTEMPERED MORTAR

by J. J. Hall Great Yarmouth, Norfolk, England

The age-long conflict between the forces of good and evil is now being fought in the spiritual and physical realms with ever increasing intensity. And many are the methods of Satan, the subtle one, who has at his bidding international battalions of shadowy hidden powers already permeating and directing for their own ends the national, political and economic life of the world. Even religion is not immune from his influence.

Like the late League of Nations and all its forgotten predecessors, the U. N. O. is equally Godless. Set up to control all nations, regardless of God's plan and purpose for world government, it was doomed from the start. "Except the Lord build the house, they labour in vain that build it" (Ps. cxvii. 1). Nevertheless, its plausible arguments will continue to deceive the leaders of western nations and millions of simple folk who only long for peace.

An illustration of the Secretariat building of the U. N. O. shows it to be built in the form of a wall, and its history so far confirms its doom as recorded in Ezekiel xiii. From its inception in 1945, its first Secretary-General being the notorious Alger Hiss, sentenced to five years imprisonment for having denied upon oath that he was part of a pre-war Communist spy ring

Why Did God Make Segregation

by J. W. Jones, a prominent Negro Editor of the Community Citizen, New Albany, Mississippi

Our Creator is the originator of segregation; He is the originator of the different colors among men. No one can question God's wisdom for doing things. God has a purpose designed, no man nor group of men can change God's purpose.

It is no disgrace to be a Negro, and he who hates himself, hates God's mechanism. Why do some men hate the law? Yet it is holy and right. Segregation has not kept any person from succeeding in life, but we can point to several instances where it has proven to our advantage. There are thousands of Negroes who hold jobs by no other reason than by the cause of segregation. Some jobs are too low for certain classes.

Some people have contributed color as being the cause of segregation. Classes are the characteristics which support segregation. A person's ability, or inability to accomplish things is that which segregates him from other people. And what is true with an individual is true with a nation. The service that a nation of people is able

DEAR AMERICAN, WHO AGREES THAT —

"No man will treat with indifference the principle of race, it is the key of history, and why history is so often confused is that it has been written by men who were ignorant of its principles and all the knowledge that it involves."

(Benjamin Disraeli, in his book, "Endymion")

Now that the Supreme Court has ruled segregation illegal in public schools, the various states and localities directly affected are seeking a solution to a real dilemma. People who have not studied the issue closely will be astounded by two things: the down right trickery indulged in by the United States Supreme Court; and the connivance of a controlled national press which kept the facts from the people of the United States.

Historical background for the decision is as simple as it is outrageous. In 1896, the United States Supreme Court (Plessy v. Ferguson, 163 US 537) ruled that segregation was not a violation of the equal protection clause of the Fourteenth Amendment if the facilities offered were "separate but equal." That opinion held sway for 58 years. Then, totally disregarding law and precedent, the current Supreme Court relied upon social and psychological considerations to render a decision which reversed all of the pertinent law of the entire history of the United States!

The court spent months studying cases before a decision was reached and, even then, the decision had "strings of time and circumstance" attached. But, the court study was not directed towards precedent in past law — the law as interpreted from the Constitution of the United States, the Bill of Rights, or any other basis upon which the legal foundation of this Nation rests. Instead, the court's time was spent in the study of books and treatises on sociology, and these same books and treatises are quoted in the decision as the authority for the decision. The New York Times, May 18, 1954, called it "A Sociological Decision." For once, the New York Times was right. James Reston of the Times Staff, commented: "The Court's opinion reads more like an expert paper on sociology than a Supreme Court decision and sustained the arguments of experts on education, sociology, psychology, psychiatry and anthropology."

In rejecting all law and legal precedent as a basis for the Supreme Court's decision, its exact language was: "Whatever may have been the extent of psychological knowledge at the time of Plessy v. Ferguson, this finding is amply supported by modern authority. Any language in Plessy v. Fer-

guson contrary to this finding is rejected." In these words, the Supreme Court tossed aside all law as based on the Constitution, the Declaration of Independence, States Rights and all other fundamental principles upon which this Nation's growth and welfare has been based — and substituted for these a number of so-called treatises on sociology and psychology; and then had the arrogance to publish the fact as the authority for the segregation decision!

In effect, we have a new Chief Justice of the Supreme Court, and his name is Gunnar Myrdal; for it was the thesis presented in his book "An American Dilemma" which — admittedly — determined the decision on segregation. Since this man — who wasn't even a citizen of the United States, but a visitor from Europe — has, almost single-handedly caused a total revolution in American Government; perhaps we should know more of Gunnar Myrdal. Charles Wallace Collins, for 40 years a member of the Bar of the Supreme Court of the United States, former Law Librarian

HERBERT LEHMAN

The above Zionist leader through tremendous financial holdings controls the "leaders" of the Nation.

of Congress and Librarian of the Supreme Court of the United States; tells us:

"... the Carnegie Corporation of New York had always had a deep interest in Negro Welfare and it decided to give the whole race relations in the South a 'new look.' In 1937 the Corporation brought over from Sweden Dr. Gunnar Myrdal, professor of the University of Stockholm. He was described by the Corporation as a 'social economist' and an economic adviser to the Swedish government and member of the Swedish Senate. He called himself a 'social engineer.' He was a socialist and had no knowledge of the Negro question in the United States. He was asked to make a thorough investigation of race relations in this country; was given an ample staff and funds for that purpose... After six years he came up with a two volume work of 1500 pages: 'An American Dilemma' (Harpers, 1944.) His solution was racial integration because he held there is no such thing as race. . . It is a Carnegie Corporation project. Between seventy-five and one hundred anti-Southern writers — many of them Negroes such as Ralph Bunche and Walter White — spent about six years working up this propaganda. . ."

Congressman Henderson L. Lanham of Georgia added this interesting footnote in the Congressional Record, June 17, 1954: "By some coincidence, both Myrdal and (Alger) Hiss found themselves in charge of the key to Carnegie's safety deposit box. Carnegie paid Hiss \$25,000 per year and paid Myrdal \$148,000 for 1,483 pages of psychological knowledge and scientific thought control." Congressman Lanham

also pointed out that leading sociologists in the country will testify that Social Science is largely a misnomer and that many who profess otherwise are mere imposters and quacks. Dr. E. H. Dobbs, a nationally famous sociologist now on the faculty of the University of Pennsylvania, is trying manfully to bring order out of chaos in that field; he points out in recent books and articles that the field is overrun with imposters, quacks, leftists and Marxist disseminators of anti-American doctrine. (See Colliers' Encyclopedia Yearbook, 1953.) We leave it to the individual Closer-Upper to choose in which of Dr. Dobbs' categories Gunnar Myrdal belongs. But the Supreme Court itself chose Myrdal as its chief authority in the segregation decision!

That the decision on segregation is the greatest hoax ever perpetrated on the people of the United States seems a reasonable assumption. But that's only a part of the story. For, this Supreme Law of the Land has been determined by an alien Socialist who was given a lavish Carnegie grant to write a modern "Book of Job" — and this, in itself, sets a new precedent in American jurisprudence which is a milestone in the history of our Nation; a precedent that can be used over and over again for whatever purpose desired by the Marxists in control of our Administration until they are deposed by Nationalists who will demand that native Americans — at least — determine the laws under which we are to live!

And one may rightfully ask why newspapers and other avenues of information in this country failed to make these facts known to voters. Have we become so imbued with treason that we are no longer able to recognize it when we see it, that it no longer is news, that we are expected to take it in stride without fighting back?

This Supreme Court hoax concerning school integration is almost equalled by the fraud and hoax perpetrated with regard to integration in our Armed Forces. All the propaganda in the controlled press has glorified Negroes as magnificent fighters who have contributed unselfishly and courageously to the defense of America — and therefore deserve to share bunk and bath with the white soldier. We cannot contribute toward the welfare of either Negro or White by shrinking from facts. Because you should know the TRUTH, we present the following facts, a condensation of material first published by the American Nationalist, P.C. Box 301, Inglewood, California:

World War One. Approximately 350,000 Negroes served, about half of whom served overseas, (Journal of American History, page 22, Association for the Study of Negro Life and History, Wash.) The 92nd and 93rd Combat Divisions were formed and about 40,000 Negro troops were exposed to combat conditions. Colonel Alan J. Greer, in a letter to Senator Mac Kellar (inserted in Congressional Record) wrote, in part: "... we went to the Argonne and in the offensive starting on September 26, had one regiment in the line attached to the 38th French Corps. They failed there in their missions, laid down and sneaked to the rear, until they were withdrawn. Thirty of the Negro officers of this regiment were reported either for cowardice or failure to prevent their men from retreating and this against very little opposition. The French and our white field officers did all that could possibly have been done, but the troops were impossible." The total number of Negroes who died in action in World War I was certainly less than 900. (Dept. of the Army.) By way of comparison; 50,510 white American troops died in combat, or from combat wounds. In other words, Negro troops constituted over 8% of our forces; but suffered less than 2% of the casualties.

World War Two showed many similar statistics (Report of Activities, AGF, January 10, 1946. Report still incomplete and statistics subject to later revision.) 701,178 Negroes served in World War Two and less than 500 were killed in action (over 200,000 white Americans died in battle.) At the end of World War I, General C. C. Ballou, wartime commander of the 92nd Negro Division submitted an official report in which he

wrote, "We forgot that the average negro is a rank coward in the dark, and I subsequently realized in full how worthless this trait renders him in service." The record shows that Negroes are hopelessly inadequate to meet the technological demands of atomic age warfare.

The integration program for the army was signed surreptitiously by Harry Truman in 1948 and brought into being by Anna Rosenberg, named Assistant Secretary of Defense through the insistence of Dwight D. Eisenhower and Bernard M. Baruch; this same Anna has never been cleared of her alleged participation in Communist Party activities.

Do Negro characteristics "Rub Off" on the White Boys? Kept strictly under wraps is the fact that integration has created chaos in the Army. U.S. News & World Report gave an indication of this fact in recently published statistics: Army re-enlistment rate in 1949 was over 40% — now only 11%. Navy and Air Force re-enlistments are only about half the 1949 level.

The "One rotten apple in the barrel" maxim might apply to public schools if integration is enforced throughout the Nation. Because Closer-Uppers are entitled to know

the truth we quote the following information from the Uniform Crime Reports for the United States and its Possessions, "Issued by the Federal Bureau of Investigation, The United States Department of Justice, Vol. 23, No. 2, Annual Bulletin for 1952, Published by the Government Printing Office." This is a report of all persons arrested for crimes in the 232 cities reporting to the F.B.I. for the year 1952. Although latest official census reports show only 10% of the population are Negroes, yet of the total population reported in this official tabulation:

- 64% arrested for murder were negroes.
- 44% arrested for robbery were negroes.
- 64% arrested for aggravated assault were negroes.
- 40% arrested for other assaults were negroes.
- 30% arrested for burglary, breaking and entering were negroes.
- 32% arrested for larceny theft were negroes.
- 19% arrested for auto theft were negroes.
- 17% arrested for embezzlement and fraud were negroes.
- 34% arrested for buying and receiving stolen property were negroes.
- 14% arrested for forgery and counterfeiting were negroes.
- 38% arrested for rape were negroes.
- 29% arrested for prostitution and commercial vice were negroes.
- 24% arrested for other sex offenses were negroes.
- 47% arrested for violation of the Narcotic Drug Laws were negroes.
- 59% arrested for carrying and possessing weapons were negroes.
- 29% arrested for offenses against family

Integration Laws

and children were negroes.
 45% arrested for violation of the liquor laws were negroes.
 15% arrested for driving while intoxicated were negroes.
 35% arrested for disorderly conduct were negroes.
 17% arrested for drunkenness were negroes.
 22% arrested for vagrancy were negroes.
 69% arrested for gambling were negroes.
 26% arrested for suspicion were negroes.
 26% for all other offenses were negroes.

There is positive danger in integration in the public schools: The Negro attitude in regard to certain crimes — especially gambling, the use of narcotics, prostitution and rape—cannot but affect the attitude of those with whom he is in contact on an equal status.

But theorizing is unnecessary. Experience can be our teacher — at least to a limited extent. For U.S. News & World Report, June 10, 1955, under the heading "Do Mixed Schools Really Work," has given us the results of one year of integration in the public schools of Washington, D.C. The article points out that social mixing of races in school life has been held to a minimum; mixed dances have been generally avoided. And yet, teachers describe the year of racial integration as a nerve wracking experience. There was constant tension, an ever present fear that a simple incident might touch off an explosion. The outstanding fact developed in this report is the slow-down of educational progress in order to keep step with the general run of negro pupils. White students, the educators predict, are going to get much less education, though the negroes may get a better education than before. Teachers say, "The tendency for a teacher in a mixed school is to lower previously strict standards somewhat to make it easier for pupils to pass."

In this issue of Closer-Up, it has been your editors' intention to show how this whole idea of integration in the public schools has been brought about by the Communist Left Wing elements who have so penetrated the top legal bulwark of our Republic that they can compel it to use a current popular treatise on sociology as a substitute for law. It also was intended that we point out some of the realities which parents of white children are confronted with in mixed schools. There is the already established fact of a lowering of school standards. A lowering of moral standards among white children is inevitable. Teen-age white girls are to be thrown into contact with negro boys, whose background as a race is deeply affected by a high percentage of sexual immorality, high crime rate, narcotics, gambling and other things which, to the normal white child, are mostly strange.

What the ultimate result is going to be, God only knows. Probably total mongrelization unless He steps in to stop it as He did at a previous Babel. As much as the kind hearted, social minded person may wish to better the lot of the American Negro, he still must face the facts we have presented in this report — because he will be confronted with these facts every single day, and his children will live with these facts day after day, hour after hour in the school room. The parents of this Nation have accepted a horrible responsibility in watching over their sons and daughters in a society which has allowed itself to take the path of disintegration at the behest of the Marxist, Communist, Zionist forces that are devoted to the destruction of this Republic and the Christian concepts on which it is based.

The NAACP- A Communist Front

* * *
 The National Association for the Advancement of Colored People—NAACP—is a Marxist front and the power behind the move to abolish segregation.

Who is President of NAACP? None other than Arthur B. Spingarn, Jew. Principal director is Herbert H. Lehman, U.S. Senator from New York, a Jew, with ten Communist-front listings. The principal founder of NAACP was the late Rabbi Stephen H. Wise with 15 Communist front citations. With reference to Arthur B. Spingarn's red record, we submit the following information from the files of the Congressional Committee on Un-American Activities.

Arthur B. Spingarn is listed as an individual participant in the Conference on Africa, held by the Council on African Affairs in New York City, April 14, 1944, according to the Council's pamphlet, "For a New Africa" (p. 37).

The Attorney General of the United States cited the Council on African Affairs as subversive and Communist in letters to the Loyalty Review Board, released December 4, 1947 and September 21, 1948. The Attorney General redesignated the organization April 27, 1953, pursuant to Executive Order No. 10450, and included it on the April 1, 1954, consolidated list of organizations previously designated.

An undated leaflet, "... the only sound policy FOR A DEMOCRACY . . ." AND the "Daily Worker" of March 18, 1954 (p. 2) listed Arthur Spingarn, President, N.A.A.C.P., New York, N. Y., as one who signed a statement of the National Federation for Constitutional Liberties supporting the War Department's order on granting commissions . . . to members of the armed forces who have been members of or sympathetic

to the views of the Communist Party. An advertisement in the New York "Times," April 1, 1946 (p. 16), listed Arthur B. Spingarn as a signer of a statement of the National Federation for Constitutional Liberties opposing use of injunctions in labor disputes.

The Attorney General cited the National Federation for Constitutional Liberties as subversive and Communist in letters released December 4, 1947, and September 21, 1948; redesignated April 27, 1953, and included on the April 1, 1954, consolidated list. The group was cited previously by the Attorney General as "part of what Lenin called the solar system of organizations, ostensibly having no connection with the Communist Party, by which Communists attempt to create sympathizers and supporters of their program. *** (Congressional Record, September 24, 1942, p. 7687.) The Special Committee on Un-American Activities in its report of March 29, 1944 (p. 50), cited the National Federation . . . as "one of the viciously subversive organizations of the Communist Party." The Committee on Un-American Activities, in its report of September 2, 1947 (p. 3), cited the National Federation . . . as among "a maze of organizations" which were "spawned for the alleged purpose of defending civil liberties in general but actually intended to protect Communist subversion from any penalties under the law."

An undated letterhead of the Public Use of Arts Committee listed Arthur B. Spingarn as a sponsor of the organization. The Special Committee on Un-American Activities, in its report of March 29, 1944 (p. 112), cited the Public Use of Arts Committee as a Communist front which was organized by the Communist-controlled Artists Union.

A TALMUDIC PROPHECY COMING TRUE!

"War to the hilt between communism and capitalism is inevitable. Today, of course, we are not strong enough to attack. Our time will come in 20 or 30 years. To win we shall need the element of surprise. The bourgeoisie will have to be put to sleep. So we shall begin by launching the most spectacular peace movement on record. There will be electrifying overtures and unheard of concessions. The capitalist countries, stupid and decadent, will rejoice to cooperate in their own destruction. They will leap at another chance to be friends. As soon as their guard is down, we shall smash them with our clenched fist."

UNITED NATIONS

(Continued from Page 1)

feeding U. S. State Department secrets to Moscow, it has shown signs of disintegration. Its presence in the U. S. A. has the actual disadvantage of admitting under diplomatic immunity a stream of new espionage personelle who are able to contact directly with members of their already established networks in the country. The U. S. Committee for combating un-American activities are doing good work in exposing this great betrayal. Many other American patriotic movements have declared that the U.N.O and its twin brother, U.N.E.S.C.O., are honeycombed with Communists and fellow-travellers (the "bad figs" of Jer. xxiv).

It was planned to establish a world state by secret internationalists and their Communist dupes for the destruction of all national sovereignties and especially of the British Empire, the U.S.A. and their Christian constitutions, and to replace them, in the words of Lenin, "with the United States of the World" (of which Federal Union of Europe was to be a preliminary) "until that day when the complete victory of Communism will bring about the definite disappearance of every state." On 9th February, 1883, the Jewish World declared "that in a universal brotherhood of nations—a greater Judaism in fact—all the separate races and religions shall disappear." Leon Trotsky in his book "Bolsheviks and World Peace," page 28, 1918, says: "The task of the proletariat is to create a far more powerful fatherland, with far greater power of resistance—the Republican United States of Europe as the foundation of the United States of the World." While the Jewish World, March 15th, 1923, states: "Fundamentally Judaism is anti-Christian." In short, the suppression of our national sovereignty, the destruction of Christianity and the British way of life—world enslavement! Many writers have reiterated this subversive programme during the past 60 years.

Since its inception, disturbing and inevitable symptoms of disintegration are haunting the U.N. It has not only failed to bring peace in Korea, but as befits a situation in which two members of the (dis)United Nations are fighting each other, it has arranged bogus truce talks during which the enemy reinforced its army and munitions from its source of power, Russia and Communist China, the result being the intensification of the conflict, and U.S. and British casualties now run into six figures. It is a clue to its authorship and its deliberate impotence as a power for peace, that no action was taken by the U.N. to rectify the cruel crime of the Zionists (mislabeled Israel) in Palestine, in turning out by force nearly a million Arabs from their farms and dwellings, driving them into the wilderness and seizing their property. These Arab refugees are still in desperate straits.

The would-be mediator, Count Bernadotte, was murdered by Zionist terrorists in 1948. The succeeding Secretary-General, Mr. Trygve Lie, has resigned through Soviet obstruction and the Chief Legal Adviser has committed suicide. After a period of deadlock a new Secretary-General, a Swede, has now been appointed to what, in the words of Mr. Lie may prove "an impossible task."

In a remarkable series of articles on the Peace Treaty and the League of Nations by the Rt. Hon. David Lloyd George appearing 21 years ago in the Daily Telegraph a reference is made to President Wilson's "most extraordinary outburst." "Why," said Mr. Wilson, "has Jesus Christ so far not succeeded in inducing the world to follow His teachings in these matters? It is because He taught the ideal without devising any practical means of attaining it. That is why I am proposing a practical scheme to carry out his aims." Mr. Lloyd George then described the manner in which the Atheist Clemenceau slowly opened his dark eyes to their widest dimensions and swept them around the Assembly to see how the Chris-

tians enjoyed this exposure of the futility of their Master.

This amazing challenge took place at the Versailles Conference and there was no man to answer it. The irony of it was that President Wilson was sponsoring a counterfeit system, the League of Nations.

In the outcome, the U.S.A. did not follow their President and refused to join the League.

The Daily Telegraph, of December, 1952, aptly sums up the impotence of the U.N.O. by saying: "It is probably not for Britain to take the lead in killing the U.N.O. but if the U.N. were to die a natural death none of us need go into mourning."

Ezekiel xiii. (which please read fully) calls all such Godless attempts to wrest from God His prerogative to inaugurate world rule and bring in peace, as: "A vain vision and lying divination . . . saying, peace where there was no peace . . . One built a wall . . . and daubed it with untempered mortar . . . I will even rend it with a strong wind in My fury . . . The wall is no more, neither they that have daubed it."

But despite rebellious and unrepentant man's arrogance and blasphemy, God still rules in the Kingdoms of men, and we have the more sure word of prophecy confirmed by the verdict of history.

Why Did God Make Segregation

(Continued from Page 1)

to render are the means by which distinction come.

According to history there are five fundamental races of people on earth: Asiatic, Malay, European, African, and American. The Indians by nature are Americans. History does not give them credit for having done anything toward the production of arts and sciences.

The people who have the ability to produce science and arts will always be the controllers of their government.

Statistics show that the population of our State is 2,178,914. 986,494 are Negroes (45.3%). The total population in prison in our State is 1,951. 1432 of that number are Negroes (73.4%).

These facts do not only criticise the Negro ministry, but they challenge our ability as instructors from the pulpits.

School text books are not religious subjects. Segregation is not responsible for these alarming figures, school teachers are not responsible for them. The ministers have not discharged their duty. When Negro ministers apply themselves properly to the homes and pulpits as God would have us, this astounding number will be cut down.

I am not a member of the Citizens' Council of Mississippi. I did not apply for membership because it is for white people only. But, we receive literature from their headquarters at Winona. It is an organization which is set up wholly for the benefits of both races in the South. Anyone who reads their literature with a spirit of helping his race will endorse every sentence printed in the little pamphlets.

If an individual does not inspire his children to acquire a spirit to do something for themselves, integration nor nothing else will help them. There are thousands of people who have had access to integration in schools all their lives, yet, they are only space fillers. When we have the stuff in us, we can make it anywhere. Ambitiousness plays the leading role in any life, or with any people.
